“CHOOSE YOUR OWN ADVENTURE” PROGRAM DESCRIPTIONS

Dollars and Cents: Money Matters

Let us help you make sense of the Money Matters while at Monmouth College. Learn how to view financial information, make payments, and understand terms like FAFSA, FERPA and FLEX. We will also discuss on and off-campus employment opportunities and the difference between work-study and non-work-study.

Enriching the Academic Experience

A student's academic journey is exciting and overwhelming at the same time. Join us to learn about the importance of the first year, the general curriculum, picking majors and minors, the importance of establishing relationships with faculty and experiential learning opportunities that can enhance your students' experience beyond the classroom. We will also discuss how utilizing academic support services can assist in your student achieving academic success.

Fighting Scots Athletics

For some students being a varsity athlete is a component of their student experience. Join Monmouth College's Athletic Director in understanding the requirements and expectations of being a Division III athlete at Monmouth College.

Supporting Your Student's Career Aspirations

Ultimately, your student must take charge of their career development, but parents often play an important role. The Wackerle Career and Leadership Center staff will discuss ways you can help guide them through the decision-making process. Learn about career and leadership development opportunities and the ways that the College works to assist your student in applying their interests, talents and education toward a rewarding future.
