

Monmouth College Theatre Scholarships

Requirements for students seeking a scholarship in Technical Theatre:

- A list of equipment you've worked with (e.g. brand of lighting board, types of cables, computer software programs, etc.)
- Documentation of your production work
 - The documentation can be in hard-copy form
 - This would be a lot like making a scrapbook or photo album
 - OR the documentation can be in digital form
 - This would be making a website, a PowerPoint, compiling a PDF
 - Potential items to include:
 - Program
 - Photos
 - Props list
 - Cue sheet
 - Ground plan
 - Light plot
 - Sound plot
 - Blocking notes (if you were the Stage Manager or Student Director)
 - Pre-production/Post-production technical checklist
 - Sketches
 - Renderings
 - Elevations
 - Etc.

- What to expect at your technical theatre scholarship interview:

The faculty will have a conversation with you about your interest in theatre and about the program at Monmouth. You'll also have the opportunity to ask any questions you have! The faculty will then ask you to talk about your materials. Be prepared to speak about what you learned from each experience: challenges you faced as an artist/how you overcame them, what you were most proud of, what you learned about the particular area of theatre that you were working in, etc.

- **SUPER IMPORTANT:** Be prepared, but relax. We are nice people and we are excited to meet you and learn about your experience in theatre! You can also contact us in advance if you have any questions about preparing for the scholarship interview.
