

Diversity, Equity, & Inclusion Student Project Grants Spring 2024

Priority Deadline: December 7, 2023

The Center for Civic and Social Change is accepting applications for funds to support student *and* student organization projects. The purpose of the grants is to encourage students to connect their academic work and interests to service.

The **mission** of the Center for Civic and Social Change is to empower Monmouth College students through their academic work and service to pursue careers and lead lives directed toward the betterment of societies and individual lives throughout our world.

The Diversity, Equity, and Inclusion (DEI) grant's primary goal is to call for proposals that promote diversity, equity, and inclusion on the Monmouth College campus and/or Monmouth community. Activities proposed are focused but not limited to: research projects, community service, and public events that foster DEI and address DEI issues that need attention.

Diversity: encompasses the demographic mix of people, taking into account human differences and focusing on populations that have historically been —and remain— underrepresented and marginalized in the broader society.

Equity: promotes justice, impartiality, and fairness within the procedures, processes, and distribution of resources by institutions or systems.

Inclusion: refers to the degree to which diverse individuals can participate fully in the organization or group's decision-making processes.¹

DEI Grants Guidelines:

The DEI considered proposal is focused but not limited to activities that:

- Build a more equitable and inclusive campus/community by enhancing the campus/community climate.
- Innovate and create safe/brave spaces that foster DEI initiatives.
- Share knowledge of DEI issues that will impact a broad audience to create cultural awareness and competence.
- Encourage leadership and motivates participation of underrepresented individuals or groups.
- Collect useful data that reveals DEI issues and proposes ideas to address these concerns.
